

# Graduate Student BARC Paid Status

## BARC PAID STATUS

Graduate Students: Please fill out this form and take it to the BARC office (1212 SAASB) to report funding support from the university that will pay towards your BARC account balance. This will assist in setting your BARC account to paid status. Paid status will allow student access to campus services included in lock-in fees (e.g. MTD bus, Recreation Center, Library, etc). Balances due on BARC, after department/external agency payments indicated on this form are taken into account, will be the responsibility of the student. Please pay the balance remaining or set-up a payment plan with BARC.
